Fall 2018

Every child deserves the chance to play baseball.

Now in our 11th year, the CML continues to grow with over 130 children participating on 8 teams last spring. **No baseball experience is required.**

Miracle Park was built specifically for children that need assistance in playing baseball. We provide buddies to keep your child safe, assist them around the field and at bat.

Children of various ability levels enjoy Miracle League baseball and see improvements with:

- Confidence
- Self-Esteem
- Independence
- Development of motor skills and coordination

We encourage you to come out on either a Monday or Thursday night this spring to watch one of our hour-long games and see for yourself how this league can impact your family.

*Home of
Spartanburg's
Only Boundless
Playground!*

July 9
